

Get ready for a whole new RTV experience.

Kubota RTV900's have been the best-selling diesel utility vehicles in Europe since 2006. And no wonder. Each year, they set the standard for ruggedness and reliability, proving themselves ready to work day after day under all kinds of conditions.

Well, the best just got a whole lot better. Meet the allnew Kubota RTV-X900, still a rough-and-ready RTV with more comfort, convenience, and performance.

It's a whole new driving experience, with a smoother ride, better drivability, more legroom and improved ergonomics throughout.

Ready for an RTV experience you won't soon forget? Visit your Kubota dealer today and try for yourself the all-new RTV-X900.

KUBOTA 4WD DIESEL UTILITY VEHICLE

RTV-X900

Kubota diesel engine—dependable

Power when and where you need it

Whatever the terrain, you can rely on the RTV-X900's powerful diesel engine to keep you moving forward. Kubota-built and off-road proven, this 3-cylinder liquid-cooled diesel engine has a well-earned reputation for dependable performance even in the harshest terrains. The RTV-X900 comes with a robust 21.6 HP engine.

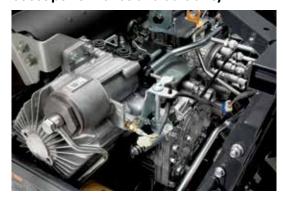

VHT-X (Variable Hydraulic Transmission)

Kubota has more experience in variable hydraulic transmissions than any other Utility Vehicle manufacturer. Kubota's advanced VHT-X offers a wide torque band and large oil coolers that boost performance and durability.

Two-speed In-line Shift

You will shift less often and maintain better control, thanks to new transmission gearing with just two forward speeds (high and low), plus neutral and reverse.

Strong High-rigidity Frame

The high-rigidity steel frame isolates the occupants from noise, vibrations and harshness. With structural strength that few in the industry can match, this durable

20% Larger, Easy Maintenance Radiator

Open the bonnet, and you will find the radiator and air-intake located high and up front, where the air is cleaner and cooler. This improves both radiator performance and simplifies maintenance. Kubota's wide fin pitch design minimises clogging, further improving radiator performance.

Get in and buckle up. You are about to experience a whole new level of driving performance.

Front & Rear Extra Duty Independent **Suspension**

Regardless of the terrain or load, independent suspension on all four wheels ensures a truly exceptional ride. **Kubota's Extra Duty IRS (Independent** Rear Suspension) technology also sets a new standard for durability.

Height-adjustable Front and Rear Suspension

Whether you've got a heavy load or no load at all, adjustment of the front and rear suspension height will ensure the proper vehicle height for a smooth ride and optimum control.

High Ground Clearance

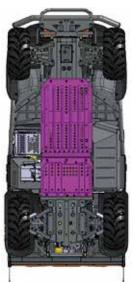

The new RTV-X900 raises the bar on ground clearance—to a full 10.4" with 8" of suspension travel—giving you excellent clearance over uneven ground.

Limited-Slip Front Differential

True 4-wheel drive with a limited-slip front differential and a locking rear differential help reduce wheelspin to a minimum, giving you greater control and a smoother ride on rough or muddy terrain.

CV Joint **Protectors** and **Skid Plates**

Obstacles in the way? **CV** joint protectors and heavy-duty skid plates will protect the most critical parts of the engine and transmission.

Dynamic Braking

You will feel more secure, especially when travelling down long inclines, knowing that dynamic braking is providing additional braking power and greater driving control.

60:40 Split-bench Seats

The split-bench style seat is ergonomically designed to provide hours of riding comfort. The driver's side is adjustable.

Easily Accessible Parking Brake

The parking brake is conveniently located on the dashboard for easier access, as well as more legroom.

Power Steering

Responsive hydrostatic power steering gives you the control you need to handle any terrain. The steering wheel is tilt-adjustable, allowing you to set the optimum angle for your driving style.

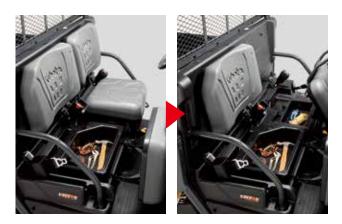

Glove Box

A large glove box, on the passenger side, provides fast access to critical tools and personal effects.

Digital Display

Bright, with large, easy-to-read indicators, this digital display keeps you informed of all critical driving conditions, including speed, hours and distance travelled. An Overheat Alarm (light and audio) helps prevent engine damage.

Under-seat Storage Compartments

Large compartments under the split-bench seats provide plenty of convenient storage space for tools, tie-downs and personal items.

The capacity for hauling, the strength for towing.

CABIN CUSTOMISATION

The RTV-X900 provides a modular cabin system. Follow the steps below to customise your vehicle as you like.

Step 1: Windscreen With Wiper And Washer

The windscreen for the RTV-X900 comes with wiper and washer as standard equipment. The damper-assisted window opens up almost horizontal for your needs.

Rops Frame With Standard Canopy All RTV-X900's are supplied with ROPS frame and

All RTV-X900's are supplied with ROPS frame and canopy as standard, ready to add steps 1, 2 and 3 should you wish.

Step 2: Side Doors

With the addition of fully clear side doors, this gives you full protection from all the elements and reduces outside noise. These doors can be fitted to the ROPS frame to complete the modular cab design.

Step 3: In-cab Options

For additional operator comfort in cold weather, you can add a heater for warmth and defrosting windows. There is also a radio-ready console with two speakers. There is also a kit that includes interior lights and a sun visor.

ACCESSORIES & ATTACHMENTS

■ Alloy Wheels

- **■** Front Wheels Mud Guard
- Rear Wheels Mud Guard
- Backup Alarm
- **■** Front CV Joint Guard
- Rear CV Joint Guard

■ Plastic Cargo Bedliner

- **■** Extended Engine Oil Dipstick
- **■** Engine Hand Throttle
- Headrest Kit
- **■** Front Heavy Load Springs
- Front Heavy Load Damper Assembly
- **■** Front/Rear Hitch Options

■ Tail Lamp Guard

- **■** Windscreen Kit
- Door Kit
- **■** Heater Console
- **■** Working Lights
- **■** Rotating Beacon Light

SPECIFICATIONS

Model			RTV-X900
Available body colours			Orange / Camo
Engine	Make		KUBOTA D902
	Туре		3-cylinders, 4-cycle, diesel, OHV
	Displacement	ℓ	898
	Net Power ECE-R24	kW (PS)/rpm	15.4 (20.9)@3200
	Cooling system	-	Liquid
	Battery		540 CCA
Transmission			Continuously Variable Hydro Transmission (VHT-X)
Gear selection			Hi-Lo range forward, neutral, reverse
Max. travelling speed km/h (mph)		km/h (mph)	0 – 40 (0 – 25)
4WD system	Front differential		Limited-slip differential
	Rear differential		Foot operated differential lock
Steering			Hydrostatic power
Brakes	Front / Rear		Wet-disc brakes
	Parking brake		Rear wheel, hand operated
Suspension	Front suspension		Independent, Dual A-arms with adjustable spring preload
	Rear suspension		Independent with coil over shock
Ground clearance	Front	mm	266
	Rear	mm	263
Dimensions	Length	mm	3110
	Width	mm	1605
	Overall height	mm	2020
	Front tread centers	mm	1240
	Rear tread centers	mm	1240
	Wheelbase	mm	2045
	Turning radius	m	4.0
Weight		kg	941
Towing capacity		kg	1000
Payload capacity		kg	679
Cargo bed	Structure		Steel
	Width × Length × Depth	mm	1465 × 1030 × 285
	Volume	m³	0.43
	Bed height (unloaded)	mm	887
	Cargo bed load	kg	500
	Dumping system		Hydraulic pump
Fuel tank capacity ℓ		ℓ	30
		dB. (A)	83.3
Tyres	ATV		25×10-12, 6-ply
	HDWS		25×10-12, 6-ply
Hydraulic bed lift			Standard
EC Homologated "Street Legal" Version			Available
